

Seminar on the Information Portal for KPI Cards of University Employees

An explanatory seminar was held at M. Kh. Dulaty Taraz University for responsible staff members from all structural divisions regarding the electronic information portal for KPI cards used in annual planning and tracking performance indicators.

Head of the Strategic Development Office Zh. Daribaev provided clarification on the conditions for defining indicators that characterize the effectiveness of university officers and staff. Additionally, he introduced the seminar participants to the rules and methodology for calculating the main indicators (KPIs) for the administrative and management personnel. At the end of the calendar year, administrative staff will fill out their KPI cards with actual values on the electronic portal, where information will be monitored by the heads of each division, as well as by the Accreditation, Rating, and Quality Assurance Department, with continuous monitoring conducted via the portal.

Head of the Project Management and Digitalization Center D. Tolegenova <http://bpms.dulaty.kz/admin/page/profile-page> explained how the portal works and the procedures for using it.

At the conclusion of the seminar, staff from the Strategic Planning and Coordination Department provided relevant answers to participants' questions.
