

The basics of working with the KPI system were presented to the faculty and academic staff

Instead of PD 3.06-2023, a new draft PP 3.33-2023 "Rules for Evaluating the Performance Indicators of Teaching Faculty (KPI)" was developed. The draft was distributed to all institutes/faculties, departments, and gathered more than 150 suggestions, which were grouped into 24 letters.

For the analysis, summarization, and determination of the performance ratings of professors, lecturers, and researchers, a proposal was developed, and an order was issued regarding the composition of the commission.

On November 4, 2023, the first meeting of the internal commission on professional evaluation of Dumaty University took place.

To explain the new KPI system and gather suggestions, meetings with the faculty of all institutes/faculties were organized according to the approved schedule.

On November 29, 2023, the second meeting of the ranking commission was held, where the final draft of the "Rules for Evaluating the Performance Indicators of Teaching Faculty (KPI)" was discussed and presented for approval to the Academic Council.

The Board Member and Vice-Rector for Strategic Development and Internationalization, Sh. Yessimova, gave a report on the new KPI system and the University Map, which includes a system of indicators and metrics for all levels of development.
