Webometrics - World Ranking of DU

Webometrics - National Ranking of DU

The Web Ranking (Webometrics) has been published since 2004 with the aim of promoting open access to education among universities. The January 2025 edition included approximately 32 000 higher education institutions from around the world.

In the world ranking, universities are evaluated based on their website's number of links, the number of indexed pages, the quantity of valuable files, as well as publications and citations from reliable sources such as Google Scholar and Scimago-Scopus. In 2025, Dumaty University ranked 15 310th among 32 000 higher education institutions in the "Webometrics Ranking of World Universities." Among Asian universities, it ranked 5531st, and among 124 universities in Kazakhstan, it ranked 40th.
