

We are proud to announce that Dulary University (M. Kh. Dulary Taraz University) has made its debut in the QS 2025 Sustainable Development Rankings, demonstrating leadership across many key indicators and metrics among universities in Kazakhstan.

QS Quacquarelli Symonds, a global higher education analytics agency, today released the new edition of the world's top universities rankings in achieving the Sustainable Development Goals 2025 – QS Sustainability Rankings 2025.

The QS Sustainability Rankings 2025 include 1743 higher education institutions from 107 countries and territories.

By evaluating universities on indicators such as «Social Impact», «Environmental Impact», and «Governance Model», the ranking provides a unique opportunity to assess the contribution of higher education institutions to addressing the most pressing challenges facing modern society.

Key achievements:

- Overall ranking: 1501+ among the 1,743 top universities in the world.
- Ranking in Asia: 545 out of 661 universities.
- Ranking in Kazakhstan: 15 out of 17 universities included in the Kazakhstan ranking.
- Overall social sustainability: 3rd place in Kazakhstan.
- Overall environmental impact: 4th place in Kazakhstan.

Leadership in key indicators:

- Environmental impact:
 - Environmental research: 1st place in Kazakhstan.
 - Environmental education: 8th place in Kazakhstan.
 - Environmental sustainability: 10th place in Kazakhstan.
- Social impact:
 - Health and well-being: 1st place in Kazakhstan.
 - Impact in education: 2nd place in Kazakhstan.
 - Employment and new opportunities: 3rd place in Kazakhstan.
 - Knowledge exchange: 4th place in Kazakhstan.
 - Equality: 4th place in Kazakhstan.
 - Governance: 14th place in Kazakhstan, confirming transparency and a high level of

ethical governance.

This result reflects our commitment to high standards and sustainable development, as well as confirming the significant contribution of Dulary University to scientific research, quality education, and the well-being of society.

This ranking underscores our leadership and ambitions to become a driver of positive change both in Kazakhstan and on the international stage.
